We understand that management of our client's landscape assets is critical to the success of their properties. It is our business to partner with our clients to ensure that the most effective maintenance strategies are performed. Using trained, uniformed staff and a fleet of vehicles and equipment, our goal is to ensure that our client's landscape investments not only reflect their company's image, but also adds value to their properties through proper care and enrichment.

Maintenance Services

As part of these services we provide a pro-active maintenance approach by providing property manager's with ongoing landscape condition reports, so that they have information to assist them effectively manage

their properties. Our maintenance services include the following areas:

- Maintenance of lawns, hedges, flowing beds, and all other planting areas
- Application of fertilizers, and insecticides
- Monitor irrigation systems to effectively enhance water conservation and maintain proper plant growth and good health
- Seasonal or event plantings
- 24-hour emergency services to alleviate any conditions which threaten to damage our client's property

Construction, and New Landscape Installs

Our business focus is to provide seamless landscape maintenance services to our clients. When properties require site work renovation, repair or replacement, as a licensed general and landscape contractor, we can provide

design, hardscape and landscape construction services.

Tree Services

Trees are an often overlooked component of a properties value. We offer professional well trained crews, state of the art equipment, and in-house ISA

Certified Arborist to provide the following tree care services:

- Maintenance Trimming
- Artistic Pruning
- Take Downs/Removals
- Stump Grinding
- Tree Assessment
- Tree Inventory

Working closely with Tolly's other divisions, we provide full electrical maintenance, site lighting and holiday lighting installations.

Tolly Landscape is a fully licensed, bonded and insured contracting company serving Southern California based clients. We provide maintenance services for business and industrial developments, headquarters facilities, medical facilities, retail centers, universities, apartment complexes, and planned communities. Our commercial services are managed by professionals, whom in addition to practical field experience, possess degrees in horticulture, engineering and construction management.

We care about our clients and our communities and we are active with civic efforts such as Olive Crest Homes and Services for Abused Children, Habitat for Humanity and various local schools.
